

Bona Clean R50

RESILIENT FLOOR MAINTENANCE

Daily cleaning of resilient flooring.

Bona Clean R50 is a highly concentrated, slightly alkaline cleaning agent. It is especially suited for the routine cleaning of resilient flooring treated with products of the Bona Resilient System. Bona Clean R50 is an effective cleaner for both daily use and tackling tough dirt. With low foaming action it is suitable for use in auto scrubbers.

- Gentle yet effective, even at low dosage
- Highly concentrated
- Low foaming

Bona Clean R50

RESILIENT FLOOR MAINTENANCE

Daily cleaning of resilient flooring.

TECHNICAL DATA

Product type:	Surfactant solution
pH-value:	approx. 9 (concentrate)
Dilution:	Normal cleaning, 50ml to 10 litres (1:200) (see below for alternatives)
Coverage:	Routine maintenance 1 litre = 1000 m ²
Application tools:	Bona Microfiber Cleaning Pad, Bona Buffer or FlexiSand with Bona red Pad or Bona PowerScrubber (white or red brushes)
Shelf life:	2 years from date of production, in unopened original container
Storage/transport:	The temperature must not fall below +5°C or exceed +30°C during storage and transport
Disposal:	Waste and emptied containers should be handled in accordance with local regulations.
Pack size	3 x 5 litres

DIRECTIONS FOR USE

Routine Maintenance

1. Dry clean first with a Bona Microfiber Dusting pad or a vacuum cleaner to remove all loose dirt.
2. Dilute Bona Clean R50, 50 ml to 10 litres cold water for routine cleaning, wipe the floor with the solution and let the surface dry sufficiently before resuming traffic. For heavy contamination, dilute 250 ml to 10 litres cold water. **Note:** Whenever a concentration greater than 150 ml to 10 litres water is used, it is then necessary to neutralise afterwards by rinsing the entire floor with clean water.

Large areas

1. For large areas Bona Clean R50 is also suitable for use in an auto scrubber such as a Bona PowerScrubber with a dilution of 50 ml to 10 litres (1:200) cold water.

The information in this document and all other advice and recommendations that we provide to help and assist the applicator are based on previous experience and extensive testing but makes no claim to be complete. Because of the wide range of possible uses and conditions of application of our products, we do not relieve users from the need to carry out their own trials or to seek technical advice from Bona before use. Bona can only guarantee its products and not the construction as a whole. Observe recommendations from flooring manufacturer and the provisions of relevant standards.
