

TradieCare Floor Care FP970 - Heavy Duty

TECHNICAL DATA SHEET

TradieCare Floor Care FP970 – Heavy Duty is a temporary heavy-duty floor protector designed for use on various floor coverings to resist moisture, punctures, tears, impact, and abrasion. It is re-usable and 100% recyclable. TradieCare Floor Care FP970 – Heavy Duty offers temporary protection for a wide range of surfaces, including stone, concrete, tiles, wood, carpet, carpet tiles, linoleum, as well as walls, benchtops, and stairs.

PRODUCT CODE

21319

PRODUCT DESCRIPTION

- Thickness: approx. 550GSM
- Coverage: 30sqm (970mm width x 31m length)
- Weight per roll – approx. 17kg
- 24hour waterproof and oil-proof protection
- Breathable material
- Natural Brown colour

PACKAGED

25 rolls on a pallet.

STORAGE

Store the product in a dry, clean environment and off the ground. Keep storage free from excessive moisture, heat or cold.

SURFACE PREPARATION

We recommend vacuuming all dirt and debris from surfaces prior to installation to avoid scratches.

INSTALLATION

Roll out TradieCare Floor Care FP970 – Heavy Duty (logo facing up). Cut to the desired length using a utility knife. Ensure sheets overlap when placed next to each other. Seal overlapped joints using TradieCare Kraft Paper Tape.

SAFETY PRECAUTIONS

We recommend wearing appropriate PPE gear during installation of this product. Keep out of the reach of children.

LIMITATIONS

Although TradieCare Floor Care FP970 – Heavy Duty provides 24-hour waterproof and oil-proof protection, it is not a waterproof membrane and must not be used in waterproofing assemblies or where a waterproof membrane is specified. Any spills should be mopped up immediately, and wet or damaged sheets must be replaced.

Do not tape TradieCare Kraft Paper Tape directly to finished surfaces.

When covering materials, consult with the floor finish manufacturer for specific recommendations. We recommend covering floors only after curing has been achieved, as curing times vary between finishes. Covering surfaces may extend the recommended curing period. User discretion is advised.
